LA's BEST Afterschool Enrichment Program plays a vital role in the lives of unique and talented elementary school students who come from neighborhoods with the fewest resources and the greatest needs.

Every school day, from the time the school bell rings until 6pm, each LA's BEST student receives a nutritious meal, help with their homework and the opportunity to participate in a wide array of enrichment activities.

LA's BEST engages children creatively, emotionally, intellectually and physically, empowering them to explore and discover the opportunities in their lives. We inspire and prepare children to create lives full of choices.
